

AI IN THE BOARDROOM: Build Your Own Agent. Shape Your Impact.

An Exclusive Virtual Event from Women in the Boardroom

AI IS NOT JUST A TOOL — IT'S A STRATEGIC ADVANTAGE.

Join us for an executive-level, hands-on event designed to help you go beyond the AI headlines and begin building your own agent — with your board service and leadership goals in mind.

Create Your Own GPT

Learn how to build a personalized generative AI agent tailored to your board journey, industry, or expertise — no coding required.

What You'll Learn

- Explore AI agents and learn how board members are using them to increase boardroom effectiveness and save valuable time.
- Why AI agents are a powerful tool for board leaders today
- How to design and partially build your first AI agent using ChatGPT
- Boardroom-relevant use cases, including:
 - Summarizing dense board packets in seconds
 - Automating recurring workflows
 - Tracking ESG and compliance risks
 - Alternative workflows for Claude and Gemini users

WHO SHOULD ATTEND?

This session is designed for both public and private board members, advisory board leaders, board committee chairs, and aspiring directors who want to stay ahead of the AI curve and shape the future of governance.

Why It Matters

AI fluency is quickly becoming table stakes for corporate leaders.

This event is your springboard to learning how AI agents can support boardroom activities becoming the go-to voice on AI within your boardroom — and beyond.
