SALES EMAILS RESPONSES HAPPEN EVEN WHILE MY TEAM SLEEPS

Eloquens™ AI's email responses use your same tone and voice, **24/7.**

Meet your new email assistant

Transform your company's email management with an AI persona that never sleeps, never takes breaks, and handles every conversation perfectly. It's more than an email assistant: it's a persona that takes work off your plate.

Your email persona sits by every inbox in your company, instantly:

Reading and understanding each inquiry, crafting perfectly matched responses, managing conversations intelligently, routing priority matters to your team, and GDPR and SOC-2 compliant.

Eloquens AI's Powerful Features

Lightning-fast responses

Every email answered in 5 minutes or less, across 160+ languages, with perfect grammar everytime.

Real scalability

Handle thousands of email conversations simultaneously across all departments.

Perfect style matching

Responses that mirror each sender's tone and style for natural communication.

Intelligent routing

Automatically identifies when human expertise is needed and directs conversations accordingly. Can even book calendar appointments

Transform your team's productivity

- Handle increased volume without adding staff
- Ensure consistent, professional responses
- Maintain high standards across all communication
- Never miss another important message

Focus on what matters most

- Closing important deals
- Solving complex challenges
- Making strategic decisions
- Building valuable relationships
